SUMMARY

Results-driven Software Engineer with over 5 years of experience in Software Development and IT project management, seeking a challenging role where I can utilize my strong technical skills, along with my expertise in leading and delivering successful IT projects. Highly skilled in developing responsive and user-friendly frontend applications using HTML, CSS, and JavaScript frameworks like AngularJS and ReactJS. Experienced in seamlessly integrating frontend interfaces with backend APIs, collaborating with cross-functional teams to deliver successful IT projects on time and within budget. Strong expertise in optimizing code quality, conducting thorough testing, and resolving bugs to ensure high-quality software delivery. Well-versed in version control systems and project management methodologies. Recently completed a postgraduate degree in Cloud Data Management, demonstrating my commitment to staying up-to-date with the latest technologies and trends. Committed to driving innovation, streamlining processes, and achieving project success. Excited to leverage my extensive software development background to effectively manage projects and ensure their successful completion.

SKILLS

- Proficient in JavaScript, HTML, CSS
- Experienced in front-end frameworks: React, Angular, Vue.js
- Strong knowledge of TypeScript, Sass, and Redux
- Familiar with build tools like Webpack and version control systems like Git
- Excellent problem-solving and debugging skills
- Strong understanding of responsive design principles
- Ability to work effectively in a collaborative team environment
- Project management skills including scope management, milestone tracking, and effective communication
- Tools: Jira, Trello, Asana (project management), Webpack, Gulp (build tools), Git, GitHub (version control), Figma, Sketch (design collaboration), Slack, Microsoft Teams (communication and collaboration), Visual Studio Code, IntelliJ IDEA (IDEs), Microsoft Office Suite (Word, Excel, PowerPoint, Outlook), Microsoft Project, Microsoft SharePoint

EDUCATION

Post Graduate in Cloud Data Management Conestoga College Kitchener, Ontario, Canada	2021-2023
● Cumulative CGPA 3.5 out of 4.0 Percentage 87%	
Bachelor of Technology in Computer Science MG University Kochi, Kerala, India	2011-2015
● Cumulative CGPA 2.6 Out of 4.0 Percentage 65 %	

EXPERIENCE

Software Developer TDCX Kuala Lumpur, Malaysia	Jul 2020- Jan 2021
<ul style="list-style-type: none">● Developed and maintained responsive web applications using React, HTML, CSS, and JavaScript.● Collaborated closely with designers and backend developers to implement user-friendly interfaces and ensure seamless integration with backend systems.● Optimized application performance by implementing best practices and conducting thorough testing, resulting in a 30% improvement.● Implemented responsive design principles and optimized front-end performance for a SaaS platform, resulting in a 40% increase in user satisfaction.	
Software Engineer & Project Coordinator Prayaana Infomedia Kochi, India	Feb 2017-Apr 2019
<ul style="list-style-type: none">● Led a team of front-end developers, fostering collaboration and mentoring junior team members on best practices and code reviews.● Created and maintained complex web applications using Angular, TypeScript, HTML, and CSS.	

- Collaborated with UX/UI designers to implement visually engaging user interfaces, resulting in improved user experience and increased customer engagement by 25%.
